

## **Episode 16: Making moves fearlessly, with Dr. Cody Creelman.**

### **Introduction**

When we started organising today's episode with our guest he was neck-deep, or shall we say shoulder-deep, into clinical cow practice. However, the last few weeks have seen some major changes in the life of Cody Creelman, formerly 'Cow Vet'.

Up until about 3 weeks before we recorded this episode Dr. Cody Creelman was a veterinarian, multiple practice owner, and digital storyteller based in Alberta, Canada. Cody shares his story in real-time on social media by creating entertaining and educational videos of his daily adventures. With over 20 million video views, he has created a very loyal following of ranchers, veterinary professionals, and the general public, which is no surprise: his videos are tonnes of fun, and his can-do positive attitude towards work is truly inspiring.

So it was a total shock to his fans (and to anyone trying to research him for a podcast!) when he announced recently that he was quitting clinical work and pursuing new adventures.

Join us for an insightful conversation about change, passion, fun, fear, and to find out what the future holds for Dr Cody Creelman. Enjoy!
